WHAT KIND OF PERSON ARE YOU?

....Take this 90-second Test and find out!!!

People frequently complain that nobody understands them, and it's not surprising, since nobody really understands him/herself as well as he'd/she'd like to. It's fun getting to know yourself better and psychologists have come up with a new and interesting way to gain further insight into the kind of person you are.

The following test is based on the findings of a series of studies conducted by psychologist Robert H. Knapp and his colleagues at Wesleyan University. Each of the phrases used in the test has been pretested on hundreds of men and women, and found to provide an amazingly accurate index to their characters. Here is a list of key phrases which the psychologists find most effective in revealing personality.

To take the test, select from the 18 phrases, the one which most closely symbolized the image you have of yourself.
